in perspective

American International College is a medium-size, independent, non-sectarian, co-educational college, located in a metropolitan community.

school of arts and sciences

Most of the basic courses for all programs of the college are presented by the School of Arts and Sciences. Beyond that the School offers a wide choice of major fields in the humanities, sciences, and social sciences, both as terminal programs and as preparation for graduate and professional study.

school of business administration

Many of Greater Springfield's accountants, bankers, insurance executives, businessmen and industrialists are products of this School which provides solid educational offerings in finance, management, personnel management, accounting, general business, and teacher training in business education at the undergraduate and graduate levels.

school of psychology and education

Newest member of college's Schools, psychology and education have combined to provide undergraduates and graduate students with a well-rounded program of practical courses. The School is fully accredited at the state and national level and is extremely innovative.

evening college

Founded in 1940, AIC Evening College offers a full educational program for adults, many of whom are employed during the day and desirous of obtaining a college degree for professional advancement.

continuing education

AIC's program in continuing education is "in tune with the times" in that non-credit workshops and institutes deal with problems of the day covering a wide range of topics. There is also a full college program for military personnel at Westover Air Force Base.

HISTORIC FACTS

Springfield was originally settled in 1636 and incorporated as a town in 1641. William Pynchon was the leader of this group of early settlers who came from Roxbury, Mass. Springfield was named after Pynchon's birthplace in England and in 1852 it became a city. The land was used primarily for agriculture but early in the 18th century the power of the Connecticut River brought about the erection of many mills. Saw and grist mills were the first to appear and large clay deposits in the area were used to manufacture bricks. Financial depression followed the Revolutionary War, placing farmers and mill owners in a difficult financial plight.

Daniel Shays became the hero of these stricken people in attempting to prevent judgments against them for debt. It was at Springfield that Shays met his Waterloo when he tried to capture the United States Arsenal. In 1794, the government established an armory in Springfield, thus creating a rise in the metal-goods industry. In 1835 the advent of the railroad stimulated business and the town had 73 machine shops, 6 cotton mills, 4 printing offices, 13 warehouses, 1 rifle factory, 2 card factories, 2 forges, 1 powder mill, 6 saw mills, 4 grist mills, 3 tanneries, 2 jewelers' tool factories, 1 sword factory and 1 spool factory. John Brown, a leader of the Abolitionist movement, lived in Springfield for two years. During this time he harbored hundreds of runaway slaves and passed them along to the next station of the Underground Railway. After the Civil War, labor began to organize and strong unions were created. Since 1890, large industries such as the Van Norman Co., Monsanto, and the Milton Bradley Co. have operated in the city.

SPRINGFIELD FIRSTS

The FIRST successful commercially-sold automobile was constructed in the United States in 1892-'93 by Duryea.

The FIRST U. S. Musket (Model 1795) was made in the Springfield Armory in 1795. The Springfield (1903) and Garand (1937) rifles originated here.

The Organ of Rifles made famous by Henry Wadsworth Longfellow's poem "The Arsenal at Springfield" is displayed at the Springfield Armory Museum.

A number of FIRSTS were achieved in the field of education--adult education (1851), general science-music appreciation course (1896-1905), YMCA college training (1880) and agricultural extension course (1913).

The Seymour Planetarium, FIRST projection planetarium constructed in the United States, was devised and constructed by present Director of the Museum, Frank Korkosz.

Basketball was invented here in 1891 by Dr. James Naismith.

Friction matches were patented in Springfield by Alonzo D. Phillips in 1836.

The FIRST U. S. Government postal cards were manufactured here in 1873.

Springfield is the home of the meat-packing industry, it being started here in 1636 by William Pynchon, founder of Springfield.

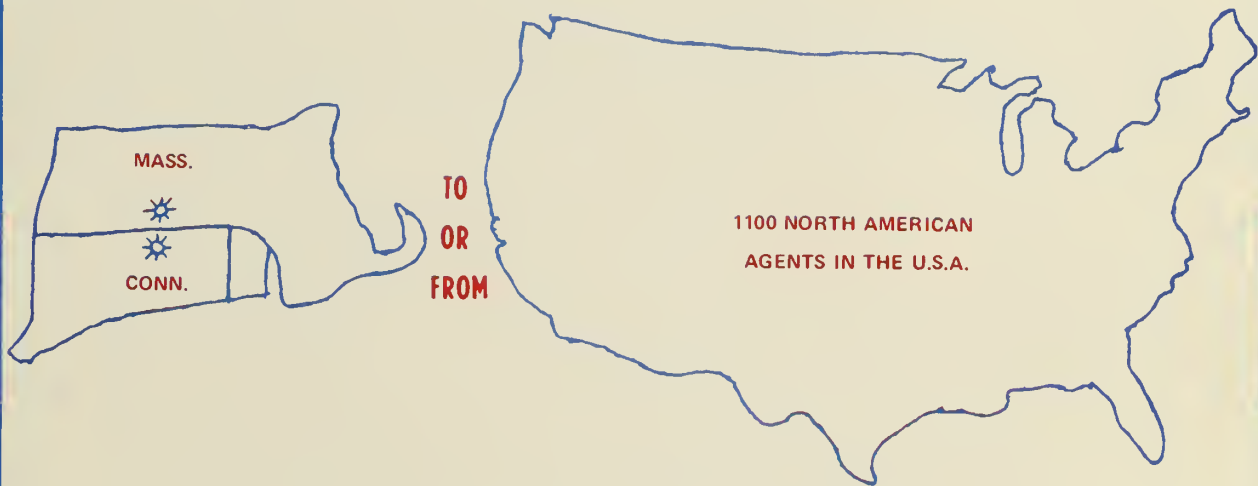

The FIRST retail sales of frozen foods were made in Springfield in 1930.

The FIRST national Junior Achievement Program (started here in 1919 by Horace A. Moses) is slanted toward teaching high school youth the American Free Enterprise System.

BUSINESS AND INDUSTRY

The most outstanding characteristic of Metropolitan Springfield's industrial growth for more than 150 years has been diversification. Its manufacturers produce a wide variety of goods, and no one industry plays a dominant role in the economic fortunes of the community. World famous industrial names native to Greater Springfield include: Milton Bradley, United States Envelope, American Bosch, A. G. Spalding, Smith & Wesson, Monsanto, Buxton, John H. Breck, Moore Drop Forging, Absorbine Jr., and Strathmore Paper.

UNITED STATES ENVELOPE CO.'S OFFICE BUILDING, PART OF A 265,000 SQUARE-FOOT HEADQUARTERS-PRODUCTION COMPLEX IN MEMORIAL INDUSTRIAL PARK, IS AN EXAMPLE OF THE MODERN INDUSTRIAL FACILITIES WHICH ABOUND IN SPRINGFIELD

A 600-acre industrial park complex--Springfield Expressway Manufacturing Center--is the city's prime area for plant construction by manufacturing and distribution oriented companies. Containing millions of dollars worth of modern structures and employing thousands of persons, the Center is ideally situated within sight of both the east-west directed Interstate 90 (Massachusetts Turnpike) and Route 291, six-mile-long high-speed connector to the north-south Interstate 91. Through these highways, Springfield has reclaimed its title of generations ago "Crossroads of New England."

SPRINGFIELD'S FAMOUS 75 STORE EASTFIELD MALL, OFFERING COMPLETE INDOOR, CLIMATE-CONTROLLED SHOPPING YEAR-ROUND IS THE LARGEST INDIVIDUAL DEVELOPMENT AMONG THE AREA'S 30 OUTSTANDING RETAIL CENTERS. ALL SHARE IN A GROWING MARKETING AREA ESTIMATED TO CONTAIN IN EXCESS OF 700,000 PERSONS

Retail and wholesale trade prospers from the fast, efficient highway system. A total of 200 motor carrier firms are located in the area, and hundreds of distributors--many in newly-constructed facilities--are clustered near all highway access points. Retailers continue to increase in numbers, with the Bay-state West shopping complex in downtown Springfield (opened late 1971) providing the most recent major increase in retailing space for the area. The addition of its 45 stores to an already sizable Main Street shopping district, has pushed downtown Springfield to the indisputable lead as Western Massachusetts' largest retailing center.

FINANCIAL INSTITUTIONS

The financial needs of the individual citizen and the numerous new and expanding business in Springfield, are met by a total of six commercial banks, five savings banks, two savings and loan associations, and one cooperative bank. Strong cooperation between the community's financial institutions and its development organizations has led to many million dollars worth of new facilities in recent years.

Farm Credit Banks of Springfield is northeast headquarters for the Federal Farm Credit System covering New England, New York and New Jersey. Comprising the Federal Land Bank of Springfield, the Federal Intermediate Credit Bank of Springfield, and the Springfield Bank for Cooperatives, it serves the credit needs of northeast farmers and their cooperatives.

The insurance industry also plays a major role in Springfield's financial life. Massachusetts Mutual Life Insurance Co. (shown above), with total assets of more than \$4.5 billion, is the 10th largest life insurance company in the United States and Canada, and provides protection to nearly two million individual policy-holders and group certificate holders. The company, founded in 1851, employs approximately 2200 persons at its home office, from which it manages a network of coast-to-coast offices.

Also home-based in Springfield is Monarch Life Insurance Co., ranking third in the nation in non-cancellable health insurance and in the top eight per cent in life insurance. Other corporations in the Monarch organization include Monarch Capital Corp., Springfield Life Insurance Co., and Monarch Securities, all contributing to a healthy rate of growth for the 71-year-old firm.

EDUCATION

Registering several "firsts" over the years, education in Springfield has long been recognized as one of the community's strongest assets. Although Massachusetts is recognized as the leader in public school education, Springfield has often been ahead of the state in new programs. It was the first city in the state to appoint a professional superintendent of schools. That was in 1840 when Horace Mann was heading the state's educational system. Springfield also pioneered in kindergartens (assisted by Milton Bradley who published the first kindergarten guide printed in the English language) and in specialized high schools for mechanical and technical subjects. Springfield continues to pioneer new educational systems, the latest being the "open campus" program in which the resources of the area's museums, libraries, hospitals, industries, business houses, municipal facilities, and other institutions become classrooms for students enrolled in this special program.

The five colleges located in Greater Springfield have a combined enrollment exceeding 12,000 students. American International, Springfield, and Western New England Colleges offer a broad spectrum of graduate and undergraduate programs in many liberal arts, business, and technical fields. Bay Path Junior College offers its female student body programs in a wide variety of careers. Springfield Technical Community College, part of the state educational system, is unique in all of Massachusetts. Growing quickly toward its goal of 5,000 students at its large campus on former Springfield Armory grounds, STCC offers training in more than 30 occupations. For Greater Springfield industries, businesses, and health institutions, STCC is a valuable source of skilled workers prepared to fill even the most advanced and futuristic jobs in the community.

American International College's Amaron Hall is a modern, completely air-conditioned classroom building.

HEALTH SERVICES

Multi-million-dollar expansions are either complete or presently being executed by all of Springfield's outstanding hospitals. Largest is Springfield Hospital Medical Center. Other major hospitals are Wesson Memorial Hospital, Mercy Hospital, Wesson Women's Hospital, and Springfield Municipal Hospital, a city-owned geriatric care facility.

Latest hospital to undergo major expansion is Mercy Hospital, constructing an \$18 million facility (shown in artist's rendering) which is scheduled for completion by the end of 1974.

Unique among Springfield's medical facilities is the highly specialized Shriners' Hospital for Crippled Children, one of several medical facilities operated by the Shrine in the U. S., Canada, and Mexico. This 55-bed facility caters to the special orthopedic needs of children up to 15 years of age.

RELIGION

More than 150 churches and synagogues serve Greater Springfield and are among the area's most impressive buildings. Springfield is a diocesan city for both the Roman Catholic and Episcopal Churches. The city's oldest church, Old First Church (First Church of Christ, Congregational), is a state-registered historical monument.

Old First Church on Court Square stands on the site of the original meeting house built in 1645. The present chapel, designed after the manner of Christopher Wren, was built by Isaac Damon in 1819.

Beth El Temple, modern in architecture, is among the most beautiful of Springfield's religious buildings.

CULTURE

The Quadrangle (shown above), located in the heart of Springfield, is the center of the non-performing arts in the city. It comprises the City Library, Museum of Fine Arts, Museum of Science (and the Seymour Planetarium), the George Walter Vincent Smith Art Museum, and the Connecticut Valley Historical Museum.

The performing arts thrive in Greater Springfield year round. The Springfield Symphony Orchestra, highly respected among the nation's professional orchestras, offers three separate series of regular, pops, and chamber concerts plus an extensive youth program. Famous soloists join Conductor Robert Gutter in performances of the world's great orchestral, choral, and operatic works. The Western Massachusetts Young People's Symphony, Springfield Symphony Chorus, and the Women's Symphony League are all part of the Symphony family.

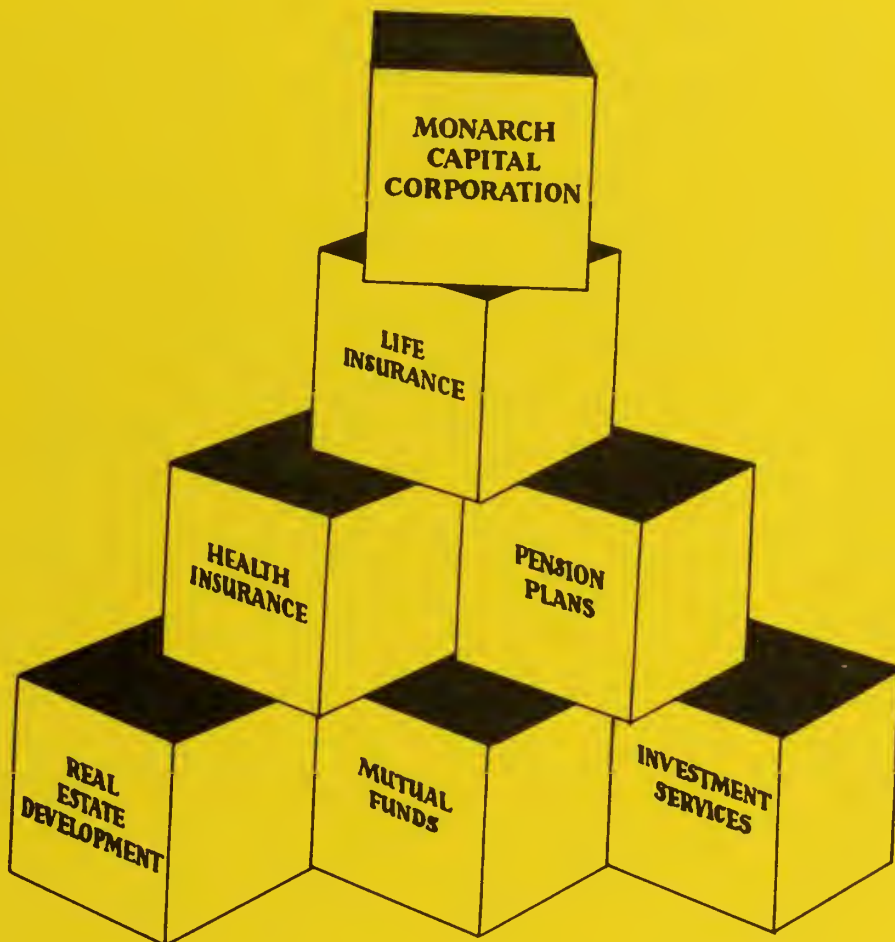

In theater, both professional and amateur groups share the spotlight. Stage/West, a resident professional theater, continues to grow in stature and success. Offering a wide variety of classical and contemporary plays, autumn through spring, Stage/West also provides special programs for children, as well as experimental works. It sets a high standard of theatrical quality for the 20 community theater groups that are active in the area.

Taking over from Stage/West during the summer months are professional musical comedy productions at Storowton Music Fair, a popular tent in-the-round theater.

The most recent addition to the cultural, as well as the recreational life of Greater Springfield, was the opening (September 1972) of the Springfield Civic Center. This \$10.3 million facility in downtown Springfield is the scene of numerous ice shows, circus productions, and famous-name shows throughout the year.

MONARCH LIFE INSURANCE COMPANY

Monarch Capital's Principal Subsidiary

Provides Lifelong Financial Security Through

HEALTHSPAN[®]

LIFESPAN[®]

Many hazards threaten your income—but none is more destructive than disability, not even death or old age. HEALTHSPAN, a new Monarch service, was developed to minimize the income-shattering effects of disability. HEALTHSPAN measures the extent of each personal and business insurance need, sets a priority on each, then constructs a program of income replacement insurance to provide the best overall coverage. Our HEALTHSPAN contracts are so flexible and contain so many built-in safeguards that they can be altered to meet changes in family and business circumstances, no matter when they occur. Loss of insurability, which can undermine plans for income replacement protection—and inflation, which can cripple the value of coverage—have been eliminated as threats under the HEALTHSPAN system. HEALTHSPAN does a total job—in sickness and in health.

LIFESPAN, Monarch's new development in the complex world of financial planning, is a fully computerized system—and is perhaps the most advanced system of its kind for creating programs of Lifelong Financial Security for income-earners and their families. It protects against all three of the great income-destroyers: disability, death and old age.

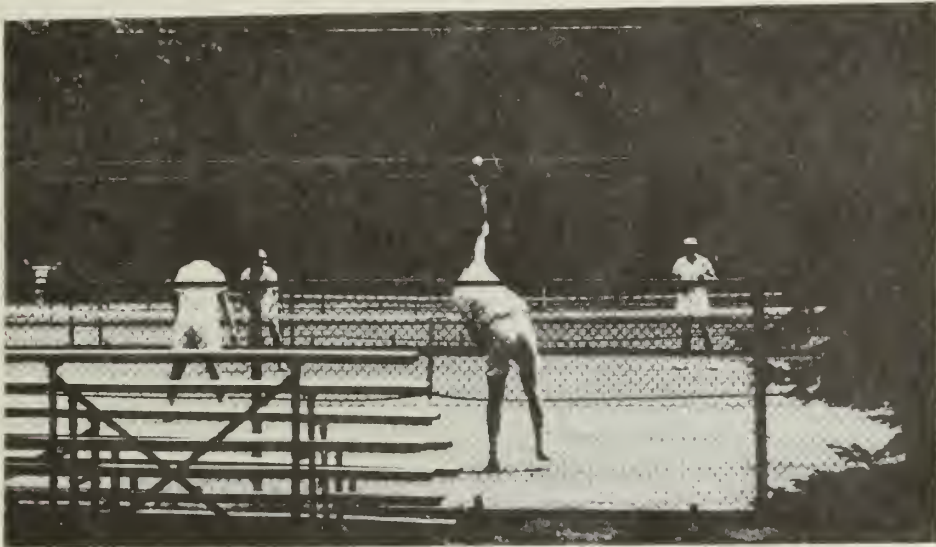

LIFESPAN constructs programs not only for present needs but also for those of the unforeseeable future. The latter is made possible by the extreme flexibility of our policy contracts. Our LIFESPAN system is so responsive to change that not even loss of insurability and the erosive effects of inflation can disrupt the attainment of Lifelong Financial Security. This goal has been little more than a hope for most American families. Now it can be a reality.

Monarch Life and Springfield Life Insurance Company, a Monarch affiliate, span the entire nation with a huge network of full-time agents, independent agents and brokers. Over 5,700 representatives daily go about the job of providing Lifelong Financial Security for hundreds of thousands of income-earners and their families.

RECREATION

Springfield abounds in recreational facilities and points of interest the year round. The city offers its citizens more than 2,228 acres of park land, the largest unit being the 795-acre Forest Park. One of the foremost natural parks in the country, Forest Park has an outstanding zoo, nature museum, picnic facilities, ball field, stadium, 26 tennis courts, archery range, bowling greens, shuffleboard and horseshoe courts, marble rinks, swimming-diving pool, and two bodies of water, Barney Pond and Porter Lake.

Tennis Courts at Forest Park Springfield.

Greater Springfield is becoming a Mecca for conventions and tourism due to its exceptional variety of recreational and cultural opportunities, as well as its expanded accommodations and new Civic Center. Among the area's major attractions are: the Naismith Memorial Basketball Hall of Fame, international shrine of the game invented in Springfield in 1891; Springfield Armory Museum, containing the largest collection of small arms in the world; and Old Storowton Village, authentic restored colonial village. Eastern States Exposition--"The Big E"--held each September, is the largest agricultural fair in the East. The city is home to a professional hockey team, the Springfield Kings of the AHL, and encourages amateur hockey at the indoor Smead Arena at Blunt Park and numerous outdoor rinks. Mount Tom in Holyoke is one of the major ski developments in New England. The numerous Berkshire ski resorts are within easily-traveled distance from the city. Golfers enjoy the area's 16 private and 13 public courses, including two Springfield municipal courses, Franconia and Veterans Memorial. The City operates nine swimming pools and seven day camps, and 35 private agencies conduct extensive recreational programs.

Basketball enthusiasts of all ages enjoy exhibits at the Naismith Memorial Basketball Hall of Fame in Springfield, city of the game's invention in 1891.

ACKNOWLEDGEMENTS

We are most happy to have been able to provide this space in the city directory as part of a program to tell Springfield's story to industrial and financial leaders across the country.

We wish to acknowledge the hard work of the GREATER SPRINGFIELD CHAMBER OF COMMERCE who compiled the editorial and pictorial material for this section as part of their action program for the economic development of greater Springfield.

We also thank those advertisers whose support of this special commercial development effort is one more example of their commitment to a progressive community.

SPRINGFIELD GAS LIGHT COMPANY

SERVING a STRATEGIC AREA of NEW ENGLAND

COMMERCIAL AND COMMUNITY SERVICE

The Springfield Gas Light Company has been an important factor in the steady growth of the Greater Springfield area. New shopping centers, a modern bus terminal; a convention, sports and exhibit center; medical, post office, school, library and hotel facilities—many of which are heated and cooled by gas equipment—all are making strong contributions to the economic vitality of the region.

1. The new Civic Center, gas heated and air conditioned, will seat 10,000 spectators in the arena and provide 42,000 sq. ft. of exhibit and convention hall space.

2. The new Jewish Home for the Aged is providing increasingly important social services to the community

3. New retail establishments, such as Boston Baby Specialty Stores, are making valuable contributions to the local economy.

SPRINGFIELD GAS LIGHT COMPANY

GENERAL OFFICE: 2025 ROOSEVELT AVENUE, SPRINGFIELD, MASSACHUSETTS 01101

...at the Crossroads of New England

Located in the heart of the second largest area within the state, Springfield Gas Light Company serves an area of approximately 240 square miles and approximately 375,000 people in eleven communities.

In addition to supplying natural gas and propane for house heating, water heating, cooking, clothes drying and industrial uses, gas provides a natural solution to air pollution since it burns completely and contains no sulfur.

RESIDENTIAL SERVICE

Single-family home construction in the Springfield area has doubled during the past year. Along with a continuing residential expansion, this signifies a demand for increased energy, which the Springfield Gas Light Company is gearing itself to supply.

The Park East development contains 157 dwellings. Shown here are a few of these units.

The Granby Road Arms Apartments, consisting of 24 units, is another recent addition to the residential scene.

INDUSTRIAL SERVICE

Growth and development of the Springfield Gas Light Company are related in large measure to the expansion of existing facilities and the attraction of new industry to the area.

Wheel Horse Sales, Inc. and Fuel Injection Parts Co., Inc. are two recent additions to West Springfield's Industrial Park.

Package Machinery Company's new addition uses natural gas for heating, water heating, air make-up and processing.

Our First 100 Years Of People:

More than 20,000 people have participated in our history providing ability, talent, and effort. If we were to compile a directory listing their accomplishments it would make our largest publication. All have contributed to what we are now, and will be in the next 100 years. The names below are today's representatives of all who have gone before, are with us now, and will join The Price & Lee Company in the future.

Our First 100 Years Of:

AMBITION We started with the ambition of two young men, William W. Price and Wilson H. Lee, who had some directory experience, five hundred dollars capital, one employee, one directory (Bridgeport Conn.) and a generous amount of courage. Today our ambitions still set ever higher goals of growth through excellence.

LEADERSHIP The Association of North American Directory Publishers was founded at an 1898 meeting in Cleveland by leading publishers brought together through the efforts of Wilson H. Lee. One of the chief objectives of the organization was to protect the public against fraudulent directories, a crusade still fought by the A.N.A.D.P. and The Price & Lee Company.

INNOVATION Many firsts originated in The Price & Lee Company including the country's first telephone directories which we published for several years, starting in New Haven in 1887. The telephone companies soon realized the value of the idea, and began publishing the directories themselves. Producing new and better ideas, techniques and products are still today becoming more and more an integral part of our business.

PROGRESS While constantly increasing the number of City Directories, we also published over the years railroad guides for eight railroads, several national and regional trade directories, histories of many cities, corporate directors' registers as well as maps and guides. Most recently we have added computerized selective mailing lists and complete direct mail service.

GROWTH The Price & Lee Company has grown to become one of the largest publishers in the industry, publishing directories for more than 400 communities on the eastern seaboard with a combined population of over ten million. We firmly believe this is only the beginning.

EXCELLENCE Throughout the first 100 years we have maintained complete facilities for producing the best directories humanly and technically possible. From enumeration systems through compilation, printing and binding the excellence of Price & Lee publications is widely acknowledged.

AND STRIVING FOR PERFECTION On every one of the millions of information cards completed, compiled, and printed every year the largest and most prominent item is the symbol below: "Accuracy FIRST." We are most often proud of our work, seldom ashamed of it, and never satisfied.

SAVINGS

S. I. S. pays daily interest on all accounts.

All S. I. S. Accounts earn daily interest (from day of deposit to day of withdrawal), the only requirement being that a \$10.00 balance be maintained until the next dividend date.

Special Notice Accounts, designed for long-range savings, earn up to ½% more than regular savings accounts. Ninety days notice in writing is required for any withdrawal.

Term Deposit Certificates . . . Either the one or two year Certificates (currently paying a guaranteed 5¾% and 6% respectively are now available. One to two years currently 5¾%, two to five years currently 6%, \$1,000.00 minimum requirement.

Saving\$Plus Accounts are no-passbook savings accounts which permit the SIS customer to write negotiable withdrawal orders (drafts) payable to individuals, businesses or to be cashed over the counter. These accounts earn 5.25% annually, compounded daily and paid monthly.

On-The-Job Savings Accounts offer employees of any cooperating firm a voluntary, systematic savings plan by payroll deduction.

School Savings Accounts for which this bank has provided facilities since 1896 are a vital part of the thrift education program in most Springfield schools.

Christmas and Vacation Clubs provide a systematic way to save with a handy coupon book to remind you. No charge for opening clubs, and completed clubs earn interest.

Home Loans. If you are interested in buying, building or refinancing a home, the bank offers prompt, friendly service and competent advice from men widely experienced in all sorts of home-owning problems. See us first for complete home financing.

Other Loans. Financial problems require personal analysis for each individual. If you need money to fix up your home, buy an auto, or meet some unexpected emergency - come in and talk over your plans with one of our experienced staff. Our service includes Personal and Auto Loans, Home Improvement Loans and Collateral Loans.

Banking by Mail makes banking as convenient as your nearest mail box. Just send in your name, address and first deposit. We'll open your account and send you a signature card, a bank book, and a supply of postage paid **MAILTELLER** envelopes.

Savings Bank Life Insurance provides lowest premium rates, high cash values and high loan values in life insurance for every member of the family - 15 days to 70 years. Rates and details on request.

U. S. Savings Bonds may be bought or redeemed here. When cashing bonds on or before maturity, bring positive identification. We are also glad to give advice and information on all Savings Bond problems.

S. I. S. Checks give you a safe, convenient way to pay bills or make purchases by mail . . . and a permanent record of each payment. The cost is only 15 cents for checks up to \$300.

Travelers Cheques protect your funds from fire, loss or theft and can be cashed in any part of the world. Cost is \$1.00 per \$100.

SPRINGFIELD

NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear".

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right odd" after street description indicates odd numbers on right side of street.

The symbol * following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

S Res Denotes Summer Residence

Zip Codes are included in the description of each street and changes in Zip Code for streets with more than one code are indicated at the address where the change occurs.
